YEAR  
GUARANTEE

#### Technical Specifications

Breaking Capacity	250A (Earth Leakage)
Through Fault Withstand	1500A
Max Current	13A
Operating Temperature Range	-5° to 40°C
Trip Speed	Less than 40msec at 150mA residual current
Number of Gangs	Double
Number of Poles	Double
Rated Trip Current	30mA
Standards	BS 7288 & BS 1363
Dimensions	85 x 146 x 20 mm (HxWxD)
