Constructed from a High Impact Resistant material. Hurricane products are designed to withstand ingress from dust and water, in both indoor and outdoor applications.

Technical Drawing

Technical Specifications

Material Composition

Housing	Polycarbonate UV resistant
Socket Plate & Rear	Urea Front plate : Nylon Base
Knockouts	8x20mm
Voltage	240V ~ 50Hz
Current Rating	13A
RCD Protection	30mA 40ms
Torque Value	2.0Nm
Padlockable	Yes
Double Pole	Yes
Short Circuit Withstand	1500A
Breaking Capacity	250A
RCD Type	A
Twin Earth	Yes
Earth in Backbox	Yes
Cable Size	3x2.5mm ²
Warranty	10 years
IP Rating	IP66
Standards	BS1363:2 BS7288
Mounting	Surface
Dimensions	150 x 165 x 75mm (HxWxD)
