

A compact single module Type 2 combined lightning and surge arrestor with remote contact. Suitable for use in distribution panels.

Technical Specifications	
Network System	TT, TN-S
Mode of Protection	L-N, N-PE
Protective Element	High Energy MOV&GDT
Mounting	Din Rail
Max Cable Size	N,PE:16mm2 L:35mm2
Terminal Screw	
Torque	N,PE:1.5Nm L:3.0Nm
Remote Signaller	Yes (max. cable 1.5mm2)
Fault Indicator	Green:Ok/Red:Replace
Max. Continuous	·
operating voltage	
(Úc)	275V
Nominal Discharge	
current 8/20us	20kA
Max. discharge	
current 8/20us	
(lmax)	40kA
Voltage protection	
level (kV) (Up)	1.5kV
Housing Material	Thermoplastic UL 94 V-0
Thermal Protection	Yes
Compliance	IEC 61643-11:2011
•	IEC 61643-11:2012
Backup Protection	Niglon ref. MCB6B1-63 if
·	required see Tech Drawing
Enclosures (ways)	EM3220(2)
